Shows the adventures of a young man hurrying to meet a train on which there are some puppies for him. While helping a man out of a mud hole with his car, he gets stuck. A burly chap helps him push it out, but it sinks into a much larger one and is totally submerged. He climbs down and fixes it under water while the burly one hands him the tools. When he finally gets to the station, he finds that he is a day ahead of time.
